

BETTER PHARMA PROCESS SOLUTIONS

The anish way. The right way.

COMMITTED TO BETTER PHARMA PROCESS SOLUTIONS

Quality never happens of its own accord. It is always the result of a well-defined methodology and an unwavering commitment. In the world of Pharma Process Solutions, there is a word for that: anish!

More specifically, anish pharma equip pvt ltd – part of anish group, the name the world has come to trust for Pharma Process Solutions.

anish pharma has been delivering solutions for more than three decades. In that time, it has earned the trust of globally renowned names in the pharma, nutra and food industries.

In keeping up with an ever-changing world, anish has reinvented itself multiple times, ultimately transforming into an end-to-end process solutions provider for Granulation and Pelletisation.

If it's Pharma Process Solutions you're looking for, do it the right way. The anish way!

WHY ANISH APPLICATION LAB?

Getting straight into production can turn out to be a costly mistake, especially in the world of pharmaceuticals. Testing solutions first makes logical and economic sense.

Here are six reasons why the anish way makes it a win-win for you.

1

Test-Evaluate-Acquire Methodology

What better assurance than to first test and observe the outcomes before investing in the technology and equipment? You can bring your raw material to the anish application lab, process it there and observe the results.

TEST

Trials on anish's machines with actual raw material.

EVALUATE

Evaluate the trial results.

ACQUIRE

Only after you're fully satisfied, acquire the technology and equipment.

2

Travel-Free Trial Facility

We understand that travelling involves time & costs. That's why we've developed a system where you don't even need to travel to where we are. You can continuously monitor your development project via remote video assistance offered by anish application lab. It's as transparent as you can get! Here's how it works:

Courier your raw material to anish.

anish's process experts discuss your requirements with your team.

Your team can monitor trials 24x7 through an online video-conferencing platform provided by anish.

anish keeps you updated through detailed technical reports of all trials.

anish couriers you product samples from trials.

3

Complete Process and Technology Support

Using our scientific resources, we can help you develop an existing process to work optimally or create a niche one.

anish application lab is well equipped to support you in completing QbD trials in product development. Our experts will facilitate to reduce your development cycle, resources, and process time. We do this by helping to build robustness in the process and helping you to achieve a high success rate in commercialisation.

4

Experienced Process Experts

Our technical experts have a wide range of specialisms and the experience of handling over 2000 formulations. Thus, we are ready to help you develop a product and provide value-added solutions.

We have a dedicated team of 20+ people, including pharma consultants, scientists & formulators.

5

Data Security and Privacy

The formula is the crux of any drug. We understand your concern and need for watertight security and assurance. To this end, we sign a non-disclosure agreement with you that locks us down to a commitment of never sharing your product information with anyone.

6 Linear Scalable Equipment

Scaling up production is part of being in business. We are well-equipped to test the scalability of your project. For this, we offer the use of pilot & production-scale equipment and practical guidance on its application in a commercial environment.

It doesn't end there. We also offer technical support for the successful scaling-up of products through validation and commercialisation.

Better and effective return on investment

anish application laboratory is designed to provide you with a better and effective return on investment.

Our state-of-the-art machinery, test-evaluate-acquire methodology and travel-free trial facility makes your experience with anish a seamless one.

We're dedicated to equip you with complete process and technology support, experienced process experts, data security and privacy, and linear scalable equipment to ensure the best ROI you can get from us.

Better quality product output

Reduced process timeline

Save manpower

Save raw material

Time and cost-effective

Reduced product loss

Production Equipment**

LAB EQUIPMENT

Anish Granulation & Pellet Coating Line for Lab

PROCESS CAPABILITY

Wet Granulation

Drying

Top Spray Granulation

Pellet Production

Bottom Spray Coating

WORKING VOLUME

1L to 10L

LAB EQUIPMENT

Anish Fluid Bed for Lab

APCG 175 C

With separate
AHU for precise
dew point control

PROCESS CAPABILITY

Drying

Top Spray Granulation

Bottom Spray Coating

Rotor Process - dry powder layering

Hot Melt Granulation

WORKING VOLUME

1L to 7L

PILOT EQUIPMENT

Anish Granulation Line for Pilot

PROCESS CAPABILITY

Wet Granulation

Drying

Top Spray Granulation

WORKING VOLUME

60L to 120L

APCG 300 C

PILOT EQUIPMENT

Anish Fluid Bed for Pilot

PROCESS CAPABILITY

Top Spray Granulation

Bottom Spray Coating

Rotor Process - dry powder layering

Hot Melt Granulation

WORKING VOLUME

10L to 40L

PRODUCTION EQUIPMENT

Anish Mixer Granulator for Production

AMG 1800

PROCESS CAPABILITY

High Shear Granulation

High Shear Mixing

WORKING VOLUME

750L to 1500L

APCG 1250 C

PRODUCTION EQUIPMENT

Anish Fluid Bed for Production

PROCESS CAPABILITY

Top Spray Granulation

Bottom Spray Coating

Rotor Process - dry powder layering

Hot Melt Granulation

WORKING VOLUME

140L to 1650L

SUCCESSFUL PRODUCT TRIALS

Products Range

ANTI ULCERATIVES / ANTI EMETICS

- Esomeprazole EC Pellets
- Esomeprazole EC MUPS
- Itopride SR Pellets
- Lansoprazole EC Pellets
- Omeprazole EC Pellets
- Omeprazole EC MUPS
- Pantoprazole Sodium EC Pellets
- Domperidone SR
- Rabeprazole Sodium EC Pellets
- Domperidone IR Pellets

ANTI HYPERLIPID / CARDIOVASCULAR / ANTI HYPERTENSIVES

- Amlodipine Tablets
- Aspirin Tablets
- Aspirin EC Pellets
- Aspirin EC Micropellets
- Aspirin EC Coated Granules
- Clopidogrel Pellets
- Atorvastatin Pellets
- Rosuvastatin Pellets
- Atenolol Tablets
- Fenofibrate Granules
- Irbesartan Tablets
- ISMN Pellets
- Nitroglycerin SR Pellets
- Telmisartan Tablets
- Valsartan Powder Fill Capsules

ANTI DIABETICS

- Metformin HCL Granules
- Metformin HCL XR Granules
- Metformin HCL + Glibenclamide
- Empagliflozin Granules
- Vildagliptin Granules
- Sitagliptin Granules

ANTI INFLAMMATORY, MUSCLE RELAXANT

- Aceclofenac + Paracetamol Tablets
- Aceclofenac EC Tablets
- Aceclofenac SR Pellets
- Deflazacort Tablets
- Diclofenac + Paracetamol Tablets
- Diclofenac Sodium SR Pellets
- Diclofenac Sodium EC Pellets
- Ibuprofen Tablets
- Ibuprofen SR Pellets
- Mebeverine SR Pellets
- Paracetamol Tablets
- Paracetamol SR Tablets

ANTI OBESITY

- Orlistat Pellets

COUGH AND COLD, ANTI ALLERGIC PREPARATION

- Cetirizine Dihydrochloride Tablets
- Chlorpheniramine Maleate + Phenylephrine HCL + Dextromethorphan + Paracetamol Pellets
- Chlorpheniramine Maleate + Phenylephrine HCL + Dextromethorphan + Paracetamol Granules
- Salbutamol Sulphate SR Pellets
- Theophylline SR Pellets
- Clarithromycin Taste Masked Powder
- Erythromycin DR Pellets
- Itraconazole Pellets
- Doxycycline Pellets

CNS DRUGS

- Duloxetine HCL EC Pellets
- Fluoxetine HCL EC Pellets
- Venlafaxine HCL XR Pellets

UROLOGICAL PRODUCTS

- Dutasteride Pellets
- Tamsulosin SR Pellets
- Tamsulosin SR+Dutasteride Pellets
- Tolteridone SR Pellets
- Tamsulosin SR + Tolteridone SR Pellets
- Trosipium Chloride SR Pellets

ENZYMES

- Pancreatin Pellets
- Serratiopeptidase Enteric Coated Tablet
- Doxycycline + Lactobacillus Pellets

NEW DEVELOPMENT

- Dexlansoprazole Enteric Coated Pellets
- Etoricoxib Tablets
- Meselamine Sachet
- Gabapentin Pellets
- Gabapentin Tablets
- Dabigatran Pellets
- Lactobacillus pellets
